Status of Roaming Distribution is as follows:

| VPMN | Configured % | Actual % |
|------|--------------|----------|
| A    | %A           | %a       |
| B    | %B           | %b       |
| C    | %C           | %c       |
| D    | %D           | %d       |

Daily batch process:  
Scan the roaming DB and remove records of all roamers that did not send any UL during the day (past 24 hours). Update VPMM counters accordingly.
